# "Independent, flexible, intelligent Cylinder Filling Solutions"

By utilising our combined expertise, iGas Technology Solutions, in partnership with Filltech, Aeroflex, Krytem and Mtech have been successfully providing **cylinder filling technology solutions** for the past decade.

The members of the Industrial Gas Project House each bring elements of the total solution, which can be either integrated into a total system solution or provided as **standalone equipment**.

# Talk to the Big Five

## Five specialists with One goal: your satisfaction

We are specialists in all areas of high pressure gas including cylinder filling – static and mobile – gas supply, gas generation, on and off shore, design to installation and through life maintenance.

Aeroflex Hose and Engineering Ltd

Aeroflex is a market leader in the design, development, manufacture and distribution of high pressure, specialist hose assemblies and couplings & connectors for use in some of the most arduous applications.

### Aeroflex Hose & Engineering Ltd.

Winchester House  
11 Enterprise Way Aviation Park West  
Bournemouth Airport Christchurch  
Dorset • BH23 6EW

Tel: +44 (0) 1202 895660

Fax: +44 (0) 1202 891177
